

# S.J.C. \* PANTHER SENTINEL

Volume XVII

Salinas, California, Friday, February 13, 1948

Number 15

## AS WE SEE IT

By NORMAN NUCK

Sometime during the past few weeks, in all probability, nearly every student on the campus has heard some mention of a proposed athletic scholarship fund or plans for a training table for next year's football squad.

For some unknown reason these two items have led many to believe that Salinas J.C. was pulling some underhanded deal. Immediately upon hearing the terms "scholarship fund" and "training table" some people jump to the conclusion that our athletic program is being tinted by professionalism.

### NO RULE VIOLATION

Actually, we would not be violating any N.C.J.C.C. rule and doing no more toward aiding our athletes than several other conference schools are now doing and have done in the past.

For those who might be unfamiliar with the term "training table" it is simply a program that will provide noon meals for the members of the football team. We are sure an athletic scholarship fund is self explanatory

### SALINAS AT THE BOTTOM

If Salinas is expected to maintain a place in the "A" division of the N.C.J.C.C., it is an utmost necessity that some steps be taken putting us on an equal footing with other teams in the league. A check of the enrollments of the schools in our division will find Salinas in last place. How can the Panthers hope to compete athletically on an even plane with such schools as San Francisco City College with a student body of over 5,000 and Sacramento College with an enrollment of 2600?

### CIVIC INTEREST LACKING

A move to promote football here at S.J.C. will without a doubt do a lot of good toward raising civic pride in the school's team. It is anything but encouraging to members of the squad, rooters, and our budget to play our home games to a half-full stadium. The local high schools are all able to attract capacity crowds and there is no reason why these same people can't turn out for junior college contests, unless it is a lack of interest. A winning team could do more toward creating an interest than any other item we can think of.

## Commission May Revise Cage Budget

Coach Ed Adams' budget for basketball was raked over the coals at last Tuesday's commission meeting, but it was figured that the basketball team would have enough money to finish the remaining seven games of the season. Adams will be invited by letter to attend the next meeting of the commission when the budget will be revised.

### BASEBALL BUDGET

Discussion of admission prices for the baseball games was brought up by Charles Mornard, who pointed out that there were only three games that can be charged for.

Meeting next Tuesday will be the budget committee consisting of Frank Stone, Loren Ingols, John Vucina, and Miss Ruth Rothrock, who will reconsider the present budget. It is expected that Coach Jess Regli will appear at the meeting of the 24th and discuss the baseball budget.

Approval was made of a group picture to be taken of the student body and sold to the students for \$1 a copy.

### CLUBS TO PAY

Mention of the fact that the clubs were perhaps not too responsive to paying \$5 toward the appearance of the Pomona College Glee Club was made. It was decided that they probably will pay it, as the program is a fine one, providing an appeal to everyone's taste.

Basketball games continued to claim some of the commissioners, with the newly scheduled WAA games taking the feminine portion of the commission. Those who did manage to attend the meeting were John Eastman, John Jight, John Cavanah, John Vucina, Frank Stone, Charlie Mornard, and acting secretary Janice Lund.

## Block S Dance Scheduled

Block "S" Society will sponsor a dance on Friday night, February 27, immediately after the Menlo game, according to publicity agent, Al Canepa. Music will be provided by Dick Duane, popular dance band from Monterey.

John Light, chairman of entertainment, reports there will be intermission activities provided by the newly initiated member of the society.

Admission charges will be \$1 a couple and 74 cents stag. There will be an advance ticket sale handled by Ray Marnach, states Stan Miller, chairman of the dance.

Al Canepa says that this will be a better dance than last year's which he claims to have been the best of the season.

## San Jose State Will Accept Terminal Courses

During the past years, state colleges have not accepted terminal courses from junior colleges, but at a recent conference with Mr. Joe West, registrar at San Jose State, it was agreed that they would accept terminal courses from Salinas Junior College, Dean Claude Addison says. Courses from 50-100 will be accepted if the student has a "C" average or better.

There are a few courses offered here that are not offered at San Jose. Credit will not be given for these courses.

The number of units given at San Jose will determine the number of units for courses given here.

Any student desiring to transfer to the commerce department at San Jose should see Mr. Addison to make sure the right requirements have been made.

Also, law 18 A-B at Salinas Junior College will complete law requirements in the school of business at the University of California.

## Bond Issue Failure Halts Plans For Hall

By the narrowest of margins, the \$2,500,000 school bond issue was defeated in last Tuesday's Salinas school district election. The final count, excluding 14 absentee votes, showed 2,030 affirmative votes to 1110 on the negative side; just 64 less than the required two-thirds majority.

By defeating this issue the voters of the Salinas school district established a "first" in the annals of their district elections; it marked the first time that a school bond issue has been defeated in the Salinas district.

Bringing the issue a little closer to home, it means a delay in plans for a Salinas Junior College student hall. The passage of the issue would have meant approximately \$100,000 toward the realization of the long sought student hall.

Plans for the proposed student hall called for a building which would include a cafeteria, student body offices, La Reata office, Panther Sentinel office and athletic offices. The location had not been chosen, several sites be in gunder consideration.

## Cassady Advises Students To Fill Requisites Here

"Many lower division students now enrolled at Salinas J.C. should plan to spend longer than two years here if they wish to enter U.C. as juniors," states Mr. Henry Cassady, dean of lower division.

He went on to say that they should not regard studying at Jaysee a fifth or sixth semester a blot on their record. Spending the time necessary to the completion of a course is a perfectly normal situation and should be regarded as such.

Persons who have any high school deficiencies upon entering junior college should not expect to do the impossible: namely, make up those deficiencies and at the same time take all the courses requisite to becoming a junior in only two years here, Mr. Cassady stated.

In fact, many times students with all high school requirements completed are unable, for many reasons, to become juniors by the time they have completed their second year.

It is yet to be pointed out that this situation exists at U.C. itself, where students enter without any deficiencies at all. Frequent is the case of a student who enters the university as a freshman and doesn't actually complete his lower division requirements in his first two years.

"The point to remember then is this: To become a junior is not a question of years, but is instead a question of courses taken," Mr. Cassady said.

## Spartans Display Art Work

Exhibits in the art gallery for the month of February have been taken care of by San Jose State, with posters and paintings by students of their art department being hung for the first part of the month. An exhibit of stage designs will finish the rest of the month.

Two new courses are being offered by the art department this semester, stage design and figure drawing. Stage design class will put to practice what they have been preached when they design the sets for the J.C. spring play, "Charlie's Aunt." The course will also contain a history of stage design from the early Greeks on through to the present day cinema. The course was outlined by Irwin Whitaker who will instruct the class until March.

## "Charlie's Aunt" Rehearsals Start

Rehearsals are under way now for the spring play, "Charlie's Aunt." Predominantly a male cast, the play tells of the woes and the wooings of a couple of Oxford students.

Casting of the play includes Jim Clark, Andy di Giralamo, Dick Rohrbacher, Holt Wood, Bob Bushta, Harry Lee, Donna Musler, Mary Lou Hutson, Minnie Belle Walker, Phyllis Williams, and Marguerite Sander.

## Briefs

### STUDY LISTS DUE NOW

President J. B. Lemos warns students that study lists must be filed not later than today.

### USED BOOK DEADLINE

Remember, any student wishing to return books used last semester must do so today, as today is the deadline.

### G.I. BOOK NOTICE

G.I.'s who change their courses and who have purchased books should return the books to the bookstore, according to G. Darwin Peavy, instructor.

### STAMPS AGAIN

The stamp machine is now firmly nailed to the wall by the

## Campusology

By JERRY PARKER

### HAPPY NEW YEAR . . .

My Shanghai correspondent just wired me that Tuesday was Chinese New Year's . . . Look out for delayed action firecrackers. . . Custom has it that everybody is supposed to pay up all their debts . . . That wouldn't work so well in this country . . . Think what would happen to the old American institution, the installment plan . . . Poor finance company people would be goin' around town blowin' their tops . . .

### HEARTS AND FLOWERS DEPT. . .

Tomorrow is Valentine's Day and people all over the world send each other Valentine cards and boxes of candy and flowers and all sorts of things . . . Why? . . . February 14 is the anniversary of the date on which St. Valentine was beheaded. Certainly couldn't have been a very happy day for him . . . Speaking of cards and candy, etc., watch out, fellas, who you send the stuff to. Remember this is leap year. That's the year when all the girls jump to conclusions . . .

### LEAVING . . .

Whatta ya think of this guy Jim Amos? . . . Last week he gets a big write-up as an outstanding student. So what does he do. He hauls off and quits school. That's gratitude. Maybe somebody said something in the paper about him that he didn't like. . . Sorry to see you go, Jim.

Hear tell that somebody (name withheld for security reasons) popped a funny in Miss Fraser's 9 o'clock Speech 1B class the other day . . . By the time it got around to me it sounded pretty hilarious . . . Something about marriage being a give and take proposition.

## Other Campuses

**Santa Rosa J.C.**—A link trainer which is worth about \$32,000, was obtained from the government. Students taking the course are mostly ex-G.I. pilots or have commercial licenses. The trainer is used to train pilots in the use of instruments.

**San Francisco State**—Their junior prom was held at the Fairmont Hotel with Bob Wallace and his popular name band, with Dolores as feature vocalist.

**University of Nevada**—Two school organizations are sponsoring a "Hello Dance" to promote the spirit of friendliness on the Nevada campus. A "Mr. Hi" and "Miss Hello" will be elected by the student body. Many downtown establishments have donated gifts for the winners.

## Sophomores To Present Play

At the Sophomore class meeting last Thursday, the class decided to put on a musical-comedy type of play for the annual spring show. Although the class wasn't very well represented, the class did want to put on a good play. According to the chairman of the play, Holt Wood, this will be the best show in the school's history.

Many persons are needed to fill the following committees: Planning, costume, transportation, stage and props, and publicity. All students who are interested in these committees should sign up with the paper on the bulletin board. A few freshmen also will be needed. Rehearsals will start next week because it will be staged on Wednesday, March 3.

bookstore, and is ready for use. Stamps are sold five 1-cents for 5 cents and three 3-cents for 10 cents.

The reason for nailing it to the wall is because it was stolen last semester.

## Westminster Club Shows Movie On Atom Bomb

God of the Atom, a dynamic color sound film offering a drastically different approach to the atomic bomb problem, will be presented in the Little Theater next Monday, February 16, at 2 p.m. Sponsored by the Westminster Club, admission is free and the entire student body is invited.

This film, produced by the Moody Institute of Science, shows exclusive photographs of equipment used in atomic research, and contains the only full-color moving pictures ever taken of the giant 184-inch cyclotron at the University of California. Shortly after this exclusive sequence was filmed, concrete walls were built around the cyclotron and the interior was rendered dangerously radioactive.

Demonstrations of the tremendous energies within every particle of matter which man has learned to release are included in God of the Atom, as actual color photos of the Nagasaki and Bikini explosions are featured in the film.

Along with these behind-the-scenes pictures that capture all the suspense and danger of the actual event, is a thrilling eyewitness account by a young physicist who saw all three wartime atomic bomb blasts and gives his experiences in filming the explosions. Another interesting highlight is the story of the manufacture of radioactive salt for medical use.

## Newman Club Makes Spring Plans

A business meeting was held by the Newman Club Monday, February 2, where the constitution was read and discussed. Suggestions were made for re-

## J.C. Girl Elopes

Surprising even their closest friends, Miss Eileen Taylor, J.C. student, and Mr. J. W. Grey, Gonzales rancher, eloped to Reno, Nevada, last Friday morning.

The couple returned Sunday and will make their home in Chualar. The bride has lived in Gonzales while she has been attending Salinas JC. She dropped school this week to take over her new duties of housewife.

## Colhecon Gives Dessert Sale

Plans were discussed at the Colhecon club meeting for ways of making money to send girls to the State College Home Economics Work Shop to be held in the spring at Yosemite.

They decided to repeat a plan that proved successful last year. This plan was to have a dessert sale which included cakes and pies made by the girls at home. The desserts and coffee will be on sale in the Home Economic room between 11 and 1 o'clock. Coffee will be served with the dessert. Cake will cost 10 cents and coffee 5 cents.

Mary Anderson is general chairman of the activity.

## Jean Walker To Be Valentine Bride

Eight o'clock service tomorrow night at the Methodist church will unite Miss Jean Elizabeth Walker and Mr. Powell Cunningham in marriage.

A last semester student, Jean invited all the members of the home economics classes in which she was enrolled.

Clothing, foods, and home furnishings comprised her curriculum, and her classmates in the home furnishing class are especially interested in the wedding.

A wedding on Valentine's day is not entirely original with Jean, as her mother was also wed on that day.

vising it. The revised constitution will be voted on at the next meeting.

Also, considerable discussion was given on plans to have a group communion to be followed by a breakfast, later in the spring.

At the next meeting, Father Deegan will resume his talks.

## W.A.A. Begins Noon Basketball Tournament

W.A.A. noon basketball games started last Tuesday with two sophomore and two frosh teams organized. Team captains for the freshmen are Ann Guastella and Shirley Mendonca, while Chickie Bremis and Lucy Huzienga head the second year women.

Delegates to the Santa Barbara conference will report at the next meeting of W.A.A., which is slated for next Wednesday. Those attending from Salinas were Shirley Mendonca, Laurine Nielsen, and Alzina Taylor. Also scheduled for discussion is the coming sports day, in which girls from San Jose, Salinas, San Luis Obispo, Hollister, and Monterey will participate.

## Library Receives New Books

Several new books have been added to the library, according to Miss Wiems, librarian. Here are a few names of the many books that arrived:

**Reference:** Several foreign language dictionaries; J. I. Rodale, The Word Finder. L. V. Berry, The American Thesaurus of Slang with Supplement.

**Philosophy:** C. E. M. Joad, Guide to Philosophy.

**Religion and Mythology:** E. A. Burtt, Types of Religious Philosophy.

**Science:** Chester Arthur Arther, An Introduction to Paleobotany; J. P. Baxter, Scientists Against Time; J. Van Denburge, The Reptiles of Western North America.

**General:** J. R. Ullman, Kingdom of Adventure; F. Perkins, The Roosevelt I Knew; The New Yorker Book of War Pieces; Van Wych Brooks, The Times of Melville and Whitman; L. A. Hostetler, Walk Your Way to Better Dancing; Arthur Murray, How to Become a Good Dancer; U.S. Camera, 1948.

**Fiction:** A. B. Guthrie, The Big Sky; G. Household, Rogue Male; Albert Maltz, The Cross and the Arrow; R. P. Warren, All the King's Men.

**Foreign Magazines or Periodicals:** Norte, Spanish; France, Illustration, French; California Stats-Zeitung, German.

## Tillung-Bardin Wedding Is Solemnized

At informal afternoon rites in the United Presbyterian Church in Salinas, Miss Delores Tillung, daughter of Mr. and Mrs. John Craig of Salinas, became the bride of Mr. Wilbur Bardin, SJC sophomore.

The Rev. M. L. Kemper officiated at the January 24 ceremony which was attended by the families of the couple and a few close friends. Following the wedding a reception was held at the home of the groom's mother, Mrs. Gertrude Bardin, 423 California Street.

After cutting the traditional wedding cake the newlyweds departed for a brief Yosemite honeymoon.

The new Mrs. Bardin was a midterm graduate of Salinas Union High School, while her husband graduated from SUHS in 1945. After serving in the navy

during the war, he resumed his studies at Salinas JC and will graduate in June.

The couple are now at home at 423 California Street, Salinas.

## Smooth Five Drops Pair

Grant's Smooth Five suffered two setbacks in one week, leaving the Little Monsters and the Santa Cruz Sandabs as the undisputed leaders of the hotly contested intramural basketball race.

The Monterey Sardines moved into second place by dumping the Smooth Five last Monday by an overwhelming 38-21 count. Johnny Light posted the afternoon's high total with 16. Ken Melrose peppered the hoop for 11 points. Joe Richerts, lanky Smooth Five center, contributed 10 points to the losing cause.

The two undefeated clubs maintained their perfect record, adding a game apiece to their total. The Little Monsters garnered 23 points in the last half to wallop the Engineers, 31-20. Jim Morrison picked up 12 points to take high point honors.

In a free scoring affair the Santa Cruz Sandabs amassed 38 points to Burke's Bucks 23, to run up their third straight win. Headed by Bob Lyons and Rich Rampone, high scoring guards, the Sandabs pushed out in front in the last five minutes to thwart an upset score. Lyons captured high scoring honors with 14.

In last week's most stunning upset the Underdogs brought home their first victory nipping the Smooth Five, 27-23. Sporting an unblemished record, until then, the Smooth Five were rudely awakened from their championship dreams by a bunch of sharpshooting Underdogs.

Finding their eyes in the early stages of the tilt, the Underdogs swept into the lead never to be headed. Jim Birch and Frank DiBenedetti were instrumental in the winner's drive.

From the looks of things any team that has intentions of going through the season unscathed is in for a rough time.

## Netmen To Start Season March 17

Plans for the tennis season are underway with Coach G. Darwin Peavy at the helm. Peavy recently issued the call for all team aspirants to better formulate practice matches.

Last year the Panthers headed by George Gossler and Ray March were well up in the N.C.J.C. standings Gossler won individual honors for the second straight year.

Schedule for the conference season is as follows:

March 17, Marin, there; April 2, Stockton, here; April 3, Yuba, here; April 10, Napa, there; April 14, San Mateo, there; April 17, Santa Rosa, there; May 1, San Francisco, here; May 5 Modesto, here; May 8, Sacramento, there; May 15, Menlo, there; May 22, Grant, here; May 28-29-30, Conference Tourney.

## Cindermen Start Against Broncos

Panther tracksters are working out daily in preparation for the first track meet against Santa Clara at Salinas on March 13.

Coach Bob Robinett has been having the boys work out in the gym doing various exercises to keep in shape, because to date the weather has been cold and wet.

With the return of good weather to the Salinas area the track men will be able to get out on the track and practice their individual events in preparation for the first meet.

The following is a schedule of track meets for the Panther track team this spring.

March 13 Santa Clara, here; March 20 Yuba and Sacramento at Sacramento; April 3 Salinas and Sacramento vs. Calif. Frosh at Berkeley; April 10 Salinas and Menlo vs. Stanford Frosh at Palo Alto; April 17 San Mateo and Marin at San Mateo; April 23 Hollister Invitational Meet at Hollister (Night); May 1 N.C.J.C.C. Conference at Santa Rosa; May 7 San Jose State Frosh at San Jose; May 15 Fresno Relays at Fresno; May 22 Calif. Relays at Modesto; June 5 P.A.A. Meet at Berkeley.

## Golf and Baseball Schedules To Appear Next Week

Complete schedules on golf and baseball will be printed in next week's edition of the Panther Sentinel. Coach Jess Regli announced both a varsity and junior varsity baseball schedule has been drawn up.

## Vallejo Upsets Panthers In 52-46 Game

Vallejo Junior College came back in the second half of their conference basketball game with the Panthers Wednesday night to upset Salinas, 52 to 46.

The Salinas team, somewhat hampered by the new oval shaped backboards, held a 28-to-26 advantage at half time. During the half, however, the Vallejans worked out a better defense that held Jerry Hoagland and Jim Blinkenberg scoreless in the second half.

Dean Dillingham led the scoring for Salinas with 13 points, while Dan Vidovich was next with eight points. Paul Miljanich collected two points and Hoagland and Blinkenberg accounted for 7 and 6, respectively.

The Panthers lost the game on foul shots, missing 10 out of a possible 18 points.

## Local Cagers Stalled Twice

Losing the last faint hopes of Salinas Junior College pennant chances, the Modesto and San Mateo junior college quintets pinned a double loss on the Panther cagers over last week end.

With an even .500 percentage the Panthers still entertained championship thoughts until the San Mateo Bulldogs led by Bud Goodier drubbed the locals, 53-47. Goodier pierced the net with 10 field goals and four free tosses for 24 points.

The local quintet stayed right with the championship bound Bulldogs but the winners' height advantage was too much of a handicap. Jerry Hoagland, currently the Panthers most consistent scorer garnered 9 points to head the Salinas five.

Modesto wreaked revenge on the Panthers, coming from behind to wrest victory from defeat scoring a 49-42 triumph. Luke Hinman, aggressive and speedy Pirate guard, walked off with high point laurels with 11.

Salinas after jumping into an early lead with Hoagland, Russ Bohlke, and Dean Dillingham providing the baskets succumbed to the Modesto sharpshooters in the last half. The Salinas quintet held a one point, 27-26, half-time advantage.

## Cal Frosh On '48 Sked

Coach Bob Robinett has lined up the Panther football team of 1948 with one of the toughest schedules the gridiron men have faced in many a season.

Six home games will be played at the Salinas Stadium, with four games being played on the opposition turf.

Robinett states that he will have his boys out for spring practice with a good workout in order in the near future.

The following is a schedule of games to be played by the Panthers this coming season:

September 24, Bakersfield, here; October 1, Stockton, here; October 8, Modesto, here; October 16, U.C. Frosh, there; October 23, Sacramento, here; October 29, there; November 5, San Mateo, there; November 11, San Francisco City College, here (Armistice Day); November 19, Menlo, there; November 25, Monterey, here.

## Panthers Meet League Leaders

Coach Ed Adams Salinas Junior College cagers encounter the league leading Marin Mariners tonight in Marin. Still smarting from last week's two reverses the Panthers are eager to play the role of the spoilers in tonight's conference tilt.

Marin barely won out in the waning minutes of their first engagement with Salinas, winning 47-45.

With the pressure removed, however, the Panther quintet may snap out of their temporary lethargy and knock over the Mariners. With ever dangerous Jerry Hoagland in the fold, the Panthers are anxious to make amends for their recent losses.
